10 GOOD REASONS TO CHOOSE TRENDSETTERS

- 1. One preparation, two possibilities:** With a single product you can make both pancakes and waffles, expanding the offer of your establishment and distinguishing yourself from the competition.
- 2. Sweet and savoury versatility:** Perfect for creating both sweet and savoury recipes, ideal for breakfast, brunch or creative snacks.
- 3. Suitable for everyone:** Gluten- and egg-free, they can also be enjoyed by those with intolerances or specific dietary requirements.
- 4. 100% vegetable:** When prepared with vegetable milk, they are also perfect for a vegan diet.
- 5. Good and healthy:** Rich in Omega-3, protein and vegetable fibre, with no GMOs, hydrogenated fats or palm oil, for a genuine and balanced taste.
- 6. Better digestibility:** the absence of gluten, eggs, or lactose makes them more suitable for those following specific dietary needs or who have digestive sensitivities.
- 7. Easy and quick to prepare:** Just add milk (animal or vegetable) and cook them on a crepe pan, non-stick frying pan or waffle iron in minutes.
- 8. Unlimited creativity:** One preparation for countless recipes, which can be customised with new ingredients.
- 9. High profit margins:** The cost per portion is low and the selling price can be up to 5 times the purchase price.
- 10. Guaranteed sustainability:** 100% recyclable packaging, because Almar also thinks about the environment.

MODALITÀ DI PREPARAZIONE

+

500g product +
500ml animal or
vegetable milk

Mix the contents of the
bag well
bag with the milk and
leave to stand for 30'.

Pour a portion of the
mixture
into the crepe pan/
frying pan/waffle iron

20 pancakes/
waffles of 50g

Pour 500g of product into a container and add 500ml of milk. Mix with a whisk and make sure there are no lumps. Let the mixture rest for 30 minutes in the fridge.

Pancakes: Heat the non-stick frying pan/frying pan to a temperature of 180°C. Once hot, spray the release agent and pour the mixture onto the pancake pan. Gently flip the pancake once the edges are set and the surface bubbles, revealing a perfectly golden underside. After one minute, the pancake is ready to be served, decorated with Almar Goody and enjoyed!

Waffles: Preheat your waffle iron to 180°C (350°F). Once it's hot, lightly coat both plates with release spray, then pour the batter evenly onto the griddle. Close the lid and cook for 4 to 5 minutes without opening it, allowing the waffle to become perfectly golden and crisp. For a salty preparation add a little salt to the mixture.
